UPDATE FROM THE JUNIOR COORDINATOR

Hello everyone... It has arrived! The 2021 / 2022 summer of cricket is here!

All junior teams and coaches have been finalised, you should have all received direct correspondence from your coaches by now, and should know when your first training session is. To all of the people who have volunteered this year, the first thing I would like to do is pass on a huge thank you to you all. We do have junior teams who are still looking for team managers and first aid officers, so if you now know who your coach is, please send them a quick email to ask them how you can help them.

In the attached newsletter there are some key pre season events....

KCC Clothing – Sunday 10th October from 12:30. Get on down to the Koster Oval club rooms for not only a new playing shirt and cap if you need one, but to also check out our latest range of KCC casual tees and hoodies. We will also have the Albion baggy caps available for sizing if you would like to place an order.

Scoring training – Monday 11th October at the clubrooms for a 6:30 start. Scoring – being able to help with scoring is a massive help to your team on game day. There's really never been a better time to learn, E-Scoring has come a long way and has made things much easier than the traditional paper score books. Remember, the first ball can't even be bowled until the scorers are ready... so, If you want to really get into the game, come and see us Monday night and we'll show you how you can do it. Please register by emailing kcc.juniorsecretary@gmail.com so we can send you what you need prior to the night.

Association rules night (coaches) – Tuesday the 12th October. This is for coaches only, but if there are any significant rule changes, watch your in boxes in the days leading up to the first fixtures. As we go into the first round, every team will share the rules for your age group. Even for returning parents, it's a good idea to re-read the rules, particular to spot any changes. Remember, no matter what you think the rules are, no calling out from the boundary, because rule number 1 is... the umpires are always right! Rule number 2: If the umpires are wrong, refer to rule number 1. If the first two rules don't work for you, then it's probably time you become an umpire, if you can't beat them, join them.

Parent Info Night – Wednesday 13th October – For all parents new to cricket, particularly U10's and U11's... this is a must attend event. We'll cover off on all the FAQ's and will be there to answer any other questions that you might have.. As we have the new wicket for the full season, there will be some updated house keeping rules around the canteen and gear and ground set-up.... So even for returning parents, Wednesday night might have some new content in it for you if you would like to get along.

Fixtures – The first games kick off Friday 15th October. If you're looking for fixtures please log on to the mycricket website or app and set Kalamunda Cricket Club as your default club. From here you will be able to find your fixtures when the association publishes them. The first rounds of fixtures are always a little late, as many clubs are still putting their sides together, so please be patient, they won't be too far away.

Good luck everyone, if you need anything as we approach round one, please make some noise, we're here to help.

Now, we all know we're just playing some cricket in a park and that our club prides itself on inclusion and togetherness over anything else, but with that said, remember, winning isn't everything... it's the ONNNNLY thing! Haha... good luck to all teams... go and have a great summer of cricket with your mates!

To all the parents, I hope this season is one that you reflect upon as the summer you'll always remember. Enjoy it !

Michael Trvcich
Junior Coordinator
